

HAS NOT HAD AN HOUR'S SICKNESS

Since He Commenced To Take "Fruit-a-tives"

73 LEES AVE., OTTAWA.
"Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having heard of 'Fruit-a-tives', I thought I would try them. The result was surprising.
I have not had an hour's sickness since I commenced using 'Fruit-a-tives' or Fruit Liver Tablets, and I know now what I haven't known for a good many years—the blessing of a healthy body and clear thinking brain. WALTER J. MARRIOTT.

MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

Time Is the Test

The Testimony of Barton People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and time alone will stand the test of time.

Barton people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Mrs. E. C. Wilkie, High St., Barton says: "I had severe pains in my back and other symptoms of kidney trouble. I knew of many people who had been cured by Doan's Kidney Pills and I tried them. Three boxes of this medicine removed the trouble."

Mrs. Wilkie gave the above statement September 4, 1908 and on October 9, 1918, she added: "When I need a kidney medicine I use Doan's Kidney Pills and they certainly give excellent results. I am glad to re-endorse them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilkie had recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

A Beautiful Thought for Today.

Don't let anybody tell you there's no such thing as luck, for there is and it plays a big part in life, but you'll find lots more of it coming your way if you place no dependence upon it. Luck is no more dependable than a bolshevik's promise to pay.

Such an Easy Job.

Most anybody can be an editor, says the St. Johnsbury Caledonian. All the editor has to do is to sit at a desk and "edit" such material as this:

"Mrs. Jones of Cactus Creek let a can opener slip one day last week and cut herself in the pantry."

"A mischievous lad of Picketown threw a stone Tuesday and hit Mr. Pike squarely in the alley."

"John Downing climbed on the roof of his house last week looking for a leak, and fell, striking himself on the porch."

"While Harold Green was escorting Miss Violet Wise from the church social Saturday night, a savage dog attacked and bit Mr. Green on the public square."

"Isaiah Trimmer of Running Creek was playing with a cat Friday, when it scratched him on the veranda."

"Mr. Smith, while harnessing his horse Wednesday, was kicked just south of his cornpatch."

Wanted to View Land.

The negro troopers had a rough trip home and most of them suffered from seasickness. One who did not, and longed for ham three times a day rushed in from deck one afternoon and called out:

"Hey, you Mose! Come out here! We're passin' a ship!"

To which Mose, who was not feeling just right, replied:

"Ship? Huh! Don't you call me 'til we're passin' a tree!"

Minor Musings.

One swallow doesn't make a summer, but it breaks many a New Year resolution.

The other man's bad habits ought always to be prohibited.

A college education is not necessarily a knowledge education.

Women tell gossip that hurts and men tell truths that hurt.

A cheerful disposition covers a multitude of sins.

THE KNOCKER.

The following is taken from the last number of the Orleans County Farm Bureau News.

Lincoln once said about the knocker: "I have always noticed that the pean trees that bear the finest nuts have the most clubs under them."

It may seem surprising that there are so many knockers in the world until one stops to consider that it requires less ability to knock than anything else on earth. It takes brains and energy and often courage to boost, but it requires neither brains, intelligence, character nor skill to knock. Just a little cussedness, that's all, and cussedness involves no effort.

BONDS TO PAY DEBT OF HONOR

They Will Bring Home the Fighting Men Who Have Won the Victorious Peace.

The Fifth Liberty Loan will be used especially and emphatically in paying a debt of honor.

The debt is one owed by the nation to its fighting forces. Who could think for a moment that it would not be paid eagerly in the finest spirit and with pride in meeting the obligations?

This Loan—the VICTORIOUS FIFTH—which will be offered in about three months, will bring home the men who fought through France from Chateau-Thierry right to Sedan, thousands of whom are today on German soil.

The President says that a large proportion of them must remain during the period of occupation. Those who will be brought home will be transported and demobilized at a very heavy expense for months to come.

The Loan will pay these charges. To avoid them in any way, to try to cut down on them, to fail to provide money for them, would be an incredible act on the part of the people of the United States.

The men who went to France, ready to give their lives if need be for the nation, did not halt half way—did not stop when they thought the end seemed almost near. They went to the very limit. They saw the war to the very close, however bitter it might be.

To look after them in the period of the making of the peace, to bring them home in comfort and safety and honor, must be the one effort of all the war loans in which the nation will join to a man.

The realization of what the men have done is written across the history of the United States the past eighteen months. The opportunity to pay the debt of honor will be met in returning them to peace and prosperity.

The opportunity lies in the new Liberty Loan bond, that is the Fifth Loan.

Use the next three months in preparing to join in paying the country's debt of honor to her soldiers who have won the victory.

The Pickers Suffer.

"Who is that poor fellow with the guards watching him?" asked the visitor to the penitentiary.

"Oh, he's a desperate criminal," replied the warden. "He is doing twenty years. He wrecked a train."

"And who is that trusty who seems to have so many privileges?" asked the visitor.

"Oh, he's a financier," replied the warden. "He is doing two years. He wrecked a railroad."—Cincinnati Enquirer.

Excess Baggage.

A soldier boy in a camp in Georgia received a letter from his best girl in which she requested him to notify her if there was anything in the line of knitted goods that he might need. Trying to convince her of his appreciation of this, he wrote the following: "No, dear, there is nothing I need but you; but as Uncle Sam will not permit us to carry any excess baggage, I shall have to wait until after the war."

THE FIFTH LOAN COMES IN SPRING

It Will Be Called the "Victorious Fifth" and Will Celebrate the War's End.

The next and last Liberty Loan will come in the Spring, probably in April. It has already been named the VICTORIOUS FIFTH. This tells its purpose in three words.

It will provide funds for taking care of the American Army in Europe during occupation and in bringing the soldiers home.

It is a peace loan as well as a war loan. The men have done their share magnificently in securing peace for the whole world. The money that is to be provided for them is being spent now.

It must be spent if they are to go on properly with the great work they have accomplished; if they are to come back in good order and are to be demobilized as they deserve.

The billions raised in other loans and taxes have gone to the expense of actual fighting, guns and ships, munitions, transportation, clothes and food.

And with these funds the war has been won. The victory has destroyed the menace to civilization. It has brought the peace for which we have worked and for which our forces have fought gloriously.

The men have finished their work. It is for the nation to finish its provision for them generously. And the VICTORIOUS FIFTH will do this.

To do it in a way worthy of the men who fought will be a source of pride to every man and woman and child in the nation. It will be done best if the whole people begin now with the new year to prepare for the last loan.

CALEDONIA COUNTY

B. R. Wells, office manager of E. & T. Fairbanks & Co., St. Johnsbury, has left for Chicago, to accept an important position with the Fairbanks Morse Co., which owns all the stock in the St. Johnsbury Scale factory. Percy C. Brooks, who came here from Toronto about two years ago to manage the scale factory, soon moves to New York and will have under his immediate supervision the factories of the Fairbanks Morse Co. in New York, St. Johnsbury and Toronto.

Three hundred teachers attended the annual convention of the Caledonia County Teachers' association in St. Johnsbury Saturday. The convention was scheduled for last October and had been twice postponed by the epidemic of influenza. The meetings were held in St. Johnsbury academy with conferences in the public schools and the junior high school and opened with the address of the president, L. D. Smith of Wells River. F. H. Brooks of St. Johnsbury responded for Dr. M. B. Hillergras of Montpelier, who was unable to be here. The convention was also addressed by Rev. Arthur W. Hewitt of Plainfield, of the state board of education. Miss Caroline Woodruff of Johnson spoke on teachers' pensions and the convention closed with an address by Payson Smith, commissioner of education of Massachusetts.

There have been only two other years when the weather records, kept at the St. Johnsbury museum since 1895, have shown a January like the past month with an average temperature of over 20.5. In 1906 the mean temperature was 23.7 and in 1913 it reached 25.3. The average mean for January is 15.4 and this year it reached 25.3. The highest daily record 44 has often been matched and even exceeded; five years the maximum for the month was between 33 and 55. Only on seven mornings the thermometer registered below zero and the lowest record was 22. The precipitation for the past month was 1.93 inches, only a little less than the amount to be expected; but the snow fall was about five inches less than usual. On the whole the month has been more remarkable in comparison with January 1918 than with the average one.

WEST BURKE

Mrs. J. B. Watchie is better.

Mrs. Dwight Howard visited in St. Johnsbury last week.

Miss Lou Hancock of Hanover, N. H., visited in town last week.

Mrs. Mary Frasier has been visiting in Coventry and Newport.

The Ladies' Aid society cleared \$13.50 at their dinner Thursday.

The students of Montpelier seminary were at home for the week-end.

Sergt. Frank Gaskell, recently returned from France, was the guest of his father, James Gaskell, Monday and Tuesday of last week.

In a recent letter to his father, Claude Roundy describes a furlough spent in Southern France and in the Alps.

E. W. Smith has sold his farm in Burke to Gilmer Quimby, and has purchased Mr. Quimby's place here in the village.

Chas. Hudson of Burke has been quite ill, but is said to be improving. His son, Robert, of Boston, has been here, helping to care for him.

The Eastern Star entertained several guests from St. Johnsbury and Lyndonville Wednesday evening. The gentlemen served an excellent banquet at 6.30 and the whole evening passed off very pleasantly.

There will be a community supper and roll call of the West Burke M. E. church, Friday, March 7th, to which townspeople and members of the church, or former members, are very cordially invited. There will be good speaking and a short, spicy program.

Mrs. Grace Brownson was obliged to give up her school for a week ago and is now in Brightlook hospital recovering from an operation for appendicitis. She is doing well and we earnestly hope will be much better soon. Miss Pearl Densmore is substituting in her absence.

The West Burke teachers and children had a delightful treat on Thursday afternoon when Capt. John Woods, who is visiting here, gave them a most interesting talk on some of the things he had seen across the water and showed them pictures and souvenirs collected in his travels.

Clyde Smith, a former Burke lad, was married on Saturday to Miss Lou Hancock of Hanover, N. H. The wedding took place at the home of the groom's uncle, Frank Bailey, of Watertown, Mass., and the young couple went at once to their new home in Somerville. Mr. Smith has just been released from the navy and has a good position with his uncle. The best wishes of his many friends in this vicinity will follow him and his bride as they begin their life journey together.
